Letters to the editor

Good to see restoration

Dear Editor,

I am a summer resident of Mayfield and we would like to see your landmark City Hall restored. I had used the bathrooms when necessary. They're so handy.

I would make a recommendation that offices be built inside and rented to attorneys, etc. This income can support the building. It is a prestigious address.

It was gratifying to read the M&M bank building will be sold and restored. If I were younger, I would buy it and build my home in it. There's no better place to live!

Yes, an investment in Carbondale real estate will pay off in the future. Carbondale will come back again to its old self. It is really a great vacation city.

Yours truly,
S.M. Serafin
612A Hill Street
Mayfield

P.S. It should be publicized as the first county seat in Lackawanna County (before Scranton).
